

THE WINNING EDGE

A REGULAR PUBLICATION BY DEXTRANS GROUP

Dextrans China, Taiwan, South Korea & Philippines capping off a busy month in September 2024

Let us start as a member of Dextrans family celebrate and recognize the “winning spirit” and achievement made by the various offices in September 2024 with shipments of oversize cargoes. Offices like China, Taiwan, South Korea & Philippines has all performed well through their perseverance & dedication in winning and handling of these shipments.

First, would like to highlight the project shipment handled by Dextrans Tianjin in securing shipment of industrial grinding machine from Lianyungang Port to Alexandria. This shipment consist of 5 items of parts & main machine with the latter weighing at 133 metric tonnes.

Next across the straits, Dextrans Taiwan completed a shipment of Reel Drive System (RDS) from Taichung to Jebel Ali consisting of 1 x 20' FR , 6 x 40'FR & 20' Container.

The equipment was discharged at Taichung Port from a breakbulk vessel and had to be return to Jebel

Within a short period of time, Dextrans Taiwan arranged stuffing, lashing & shipping which were completed smoothly and more importantly manage to clear customs without any difficulties to meet the vessel.

As this shipment contains sensitive cargo, lifting & stuffing were done carefully in accordance to requirement of the customer

Further north across the East China Sea, Dextrans Korea completed 5 lots of shipment of press machines which were loaded in 20 x 40'HC , 10 x 40'FR & 6 packages on breakbulk basis. This shipment was loaded in Busan Port destined Nhava Sheva Port involving loading of the heavy cargo from barge using floating crane.

With sizeable volume and also some cargoes weighing at 95 tons , close coordination & planning were put in place to ensure execution were done precisely and flawlessly on each lot of shipment. All 5 lots of cargoes were loaded as per schedule safely
